Dear Dr. Hendler:

We want to thank you on behalf of Mr. Hodges for everything you did in assisting us in the preparation in his cause against Norfolk & Western Railway Company. If you have not heard by now, the jury understandably believed his position and the evidence that you put forth by awarding him \$5,000,000, which was more than he had even asked for.

We look forward to working with you in the future.

Very truly yours,

C. Richard Cranwell
